Please remember importantly the following:

- 1) When anyone remits, the remitter must mail details of amount, his name roll no, pass out batch etc. to us, as mentioned above, for records.
- 2) This is imperative as at times it is difficult to track transactions specially when it is done in cash or clearing.
- 3) It is advisable to use electronic means e.g. NEFT/ RTGS
- 4) This will ensure reconciliation as and when required.

You may revert to me or Arun Bharech for clarifications, if any.

All the best,

Kalyan Brata Ghosh
